

I AM MONTANA INITIATIVE 148. I AM SWEETWATER.

I broke my back drilling wells and then again when I was logging and fell out of a tree. I cannot function day to day without some form of pain relief. Cannabis is a mild to moderate pain reliever that I use in place of many of my prescription medications. I don't like addiction or getting high, that is why I am a patient in the medical marijuana program. Cannabis is not recreational for me, it's just common sense. I wouldn't trust anyone but the folks at Sweetwater to help me manage my pain relief. They are professional, bottom line. Thanks guys.

I AM MONTANA INITIATIVE 148. I AM SWEETWATER.

I am HIV positive.

I have severe nausea, myalgia, and depression.

At Sweetwater I have found a regimen of various strains that work for many of my symptoms. I am a healthy person and I use all of my medications sparingly. Marijuana is the least aggressive medication on my body.

The folks at Sweetwater are professional. I feel respected and appreciated there.

I AM SWEETWATER.

I am a Veteran and suffer from many health problems. Rather than take all the prescription medications that leave me groggy and disoriented, I prefer cannabis. With help from the folks at Sweetwater, I have found a combination of strains that gives me relief, and leaves me functional. And believe me, I need all the energy I can get being the single dad of my two wonderful little girls.

I AM MONTANA INITIATIVE 148. I AM SWEETWATER.

I worked heavy construction for over thirty years. I have injuries in my lower back and shoulder, and I also suffer from degenerative arthritis. I hurt all the time, and I rely on cannabis from the folks at Sweetwater to help manage my chronic pain. I very much appreciate their professionalism and dedication to the medical side of things. And their quality of medicine is the best I have seen, period. I wouldn't hesitate recommending them to anyone.

INITIATIVE 148.

I AM SWEETWATER.

I have Chron's Disease.

It affects my entire digestive system making it practically impossible to hold down food.

Medical marijuana stimulates my appetite and eases many of my symptoms. It is much cheaper than the prescription medications, which is important because I don't have health insurance.

Sweetwater has quality medicine at an affordable price, and is overall the best dispensary in town, as far as I am concerned.

I AM MONTANA INITIATIVE 148. I AM SWEETWATER.

Since the accident, I suffer from chronic pain.

With my regular doctor's approval, I became a patient in the medical marijuana program. Since then, my quality of life is the best it has been in years.

The prescription narcotics were so strong that I would overdose it, hurting myself and not even realizing it until later. Medical cannabis allows me better brain function and I feel more in touch with my body.

I am returning to myself, I have begun writing again, my memory has improved, I feel more.

Figuring out the dosage can be tricky. Sweetwater takes the time to answer my questions and keeps me on the right track.

I AM MONTANA INITIATIVE 148. I AM SWEETWATER.

I was diagnosed with Chron's Disease in 2008.

It was so severe that I was down to 98lbs in less than a year. The medications I was given caused my hair and fingernails to fall out.

Medical marijuana does a amazing job of relieving my sytoms and does not have the terrible side effects like the pills.

My day would be a living hell without the cannabis I receive from Sweetwater. I feel at home in the store. It is a professional, friendly place and they know their cannabis.

I AM SWEETWATER.

My mom is very sick.

All the failed surgeries and medications left her a shadow of her former self. It was so bad that I had to move in and take care of her full time.

Since she has become a medical marijuana patient, the turnaround has been amazing. She beat her addiction to prescription narcotics and is able to do many things herself again. Recently, I was even able to move back home with my wife.

I got my life and most importantly, my mom back because of this program.

We are so appreciative to the folks at Sweetwater for providing exceptional medicine and professionalism.
